Example

1 12016E027: Article 27 (ex Article 15 TEC): When drawing up its proposals with a view to achieving the objectives set out in Article 26, the Commission shall take into account the extent of the effort that certain economies showing differences in development will have to sustain for the establishment of the internal market and it may propose appropriate provisions. If these provisions take the form of derogations, they must be of a temporary nature and must cause the least possible disturbance to the functioning of the internal market.

Editorial note

Before 2016: There was a celex number from sector C attributed to the notices published in OJ-C

Since June 2008 (Special Report No 5/2008), there is only a notice of publication of Special Report published in OJ-C. The complete text of the special report is published only on EUR-Lex.

The SA descriptor has been in use since March 2001. Prior to then, the special reports of the Court of Auditors were classified under Sector 3Y (e.g. 32001Y0222(01)).

Editorial note

04/12/2019: 5*XC before 03/12/2019

From: (OP) ; Sent: Tuesday, December 3, 2019 2:18 PM; To: @aion.cz; Subject: Change of CELEX numbers methodology - 5*SA and 5*AT

We would like to inform you that we have changed the CELEX numbers methodology in which regards Antitrust and State aid cases. The CELEX numbers of these documents are currently receiving the descriptors 5*XX and 5*XC. The composition of these CELEX numbers will be structured similarly to the ones attributed for Merger control documents (5*M):

- CELEX Sector: 5
- CELEX Year: Year of publication
- CELEX Type: G102
 - o AT for Antitrust
 - o SA for State aid
- CELEX natural number: Case number (even if they are composed of more than 4 digits)
 - o Sequential number for the documents whose CELEX number is identical to the first one.

To be more precise: all documents from sector 5 which belong to cases of Antitrust or State aid will be composed this way. Example for State aid:

52016XC0205(06) would be 52016SA40454

Example for Antitrust:

52019XX1128(01) would be 52019AT40099; 52019XX1128(02) would be 52019AT40099(01); 52019XX1128(03) would be 52019AT40099(02); 52019XC1128(02) would be 52019AT40099(03)

Broader concepts

Example: 71960L0201FRA_36413: Décret Numéro 62-756 du 30/06/1962 relatif au droit d'établissement dans les territoires d'outre-mer, Journal Officiel du 07/07/1962 Page 6619

Editorial note

The CELEX numbers for national transposition measures are composed as follows:

- The first digit represents the CELEX sector, which is 7 for national transposition measures;
- Similarly to CELEX numbers of legal acts belonging to Sector 3 the following eight characters give information on the legal act that is being implemented. The first four digits represent the year, the letter indicates the type of act and the following four digits represent its unique number;
- After this, there is a three letter country code, indicating the Member State which is the author of the given national transposition measure; - After an underscore, there is a new number, being the unique identifier from the database of the Secretariat-General of the Commission.
